

FROM NEW HAMPSHIRE - COPS HAVE TAGGING SPREE

PASSENGER TRAFFIC DOUBLED MONDAY

After a week of uncertainty, the railroad service out of Wilmington to Boston has been increased to a frequency almost that of thirty years ago. The increase, planned by the Massachusetts Bay Transportation Authority, became effective Monday morning.

Thirty years ago there were twenty-two trains a day, from Wilmington to Boston. The number dropped, over the intervening years, to fifteen in recent months. Now it is up to twenty-one.

Trains leave the Wilmington depot nearly on a half hour schedule, from 6:10 am to 11 pm daily, and from Boston to Wilmington they leave at the same frequency, but with the last train being at 11:30pm.

Anthony Robbins of Lockwood Road, who has purchased the old depot and from which he now operates the Depot Real Estate Company, told the Town Crier that the number of passengers was twice normal, Monday. Passengers were coming from New Hampshire, Lowell, Lawrence, Haverhill and other places to which there is now no service, and parking their cars in his yard, in the Middlesex County Bank yard, and in Weinberg's. Mr. Robbins charges for parking in his yard. There is no charge for parking at the Middlesex County Bank, or at Weinberg's.

Leo LeBlanc, railroad conductor told the Town Crier that there were practically no passengers, on the last two runs he made Monday night. One paying passenger was

on the next to last run, and three passengers operating on passes on the last train for Wilmington.

Only one train a day now operates beyond Wilmington, up the 'Wildcat' towards Lawrence and Haverhill. It passes, but does not stop, southbound, in the morning at about 8 am, and then returns, again without a stop at Wilmington, about 5 pm.

The railroad station is taking on a new look, under the auspices of Mr. Robbins. He has painted the outside, and is now painting the inside. He has put in a new ceiling, and a new heating system. New toilets are to be installed, and in the spring he is planning to hot top the parking yard.

A ticket agent is on duty from 6 am to 3:30 pm. Robbins is particularly proud of the fact that his railroad station was the only one to have the new schedules printed, and ready for patrons on Monday morning. The schedules, of course, also advertise the Depot Real Estate.

NOTICE TO ALL REGISTERED NURSES DOING PRIVATE DUTY NURSING

BECAUSE OF THE MANY REQUESTS FOR PRIVATE DUTY NURSES, THE BOARD OF HEALTH IS ATTEMPTING TO ESTABLISH A REGISTER OF ALL LOCAL NURSES WHO ARE ENGAGED IN PRIVATE DUTY NURSING.

IT WOULD BE GREATLY APPRECIATED IF ALL NURSES ENGAGED IN THIS TYPE OF NURSING WOULD SUBMIT TO THE BOARD OF HEALTH THEIR NAME AND HOURS AVAILABLE FOR WORK.

THIS REGISTER WOULD SERVE MERELY AS A LISTING OF THE NAMES OF NURSES WHO ARE EMPLOYED IN PRIVATE DUTY NURSING.

It was the 8th award in 9 years in journalism, for the Town Crier.

PHILIP BUZZELL

One of the more interesting aspects of the late (and still possibly existing) court fight over appraisal of Industrial and Commercial properties in Wilmington was that Town Counsel Philip Buzzell was, in one sense, on both sides of the fence.

The Town's Legal Beagle was representing Filene's, against the town of Framingham, alleging over-assessment. Some of the arguments seemed to be similar to those of Wilmington.

Mr Buzzell won his case. It was reported in the Boston Globe last Saturday, and in a way that makes it seem the Globe feels it was a landmark.

It is yet too early to tell whether or not Mr. Buzzell has scored a victory of the kind that the Wilmington land-owners can use - but the possibility is there, and will bear watching.

RECREATION

TM Gerry Bouchard is doing very well with Recreation, Thank You. He has improved a few places as a starter, and others are now in the works. The lawn on the grounds of the Walker School did not meet the approval of everyone, but the skating rink on the Common finds more friends, and the floodlights, donated we understand by the Wilmington Chargers, are a good help. He is now planning something adjacent to the Buzzell School, and rumors of this are raising both hopes and fears, in the hearts of the nearby neighbors.

The Town Park, now that there is some snow, is being well used by people with skis, sleds, toboggans and what nots, including the little dish-pantype sleds that go round-and-round.

It isn't all clear fun. Last Sunday a little three or four year old girl just barely escaped serious injury or worse by the sheerest of luck, and her parents didn't seem to realize it.

Sleds, etc., make skiing difficult. There should be someone, in an official capacity, at the top of the hill, to regulate the starts.

It might be well too, to check as to the homes of the participants. Over 10% of those present last Sunday were passers-by, from out of town. The place might soon be over-crowded.

YEAH FOR BETTER MEETINGS!

There was a day when Selectman John Brooks would march stolidly along, glancing neither to the right nor to the left, but now-adays he is a real affable guy, waving to friends, etc etc. He has his nomination papers out, for re-election.

He even attended a Democratic Town Committee meeting the other day, and left the rest of the politicians speechless!

In the running with Brooks is his friend Kenneth G Skantz, of Strout Avenue. It will be remembered that Candidate Skantz, at one time, had something to do with publicity, and that every time that Selectman Brooks dreamed up another whopper Skantz was in there, applauding. If Brooks didn't say it Skantz did - Finest This, and Most Wonderful That, up to and including that \$28,000,000 Telephone Building which was dreamed up for Wilmington Square.

If Skantz and Brooks should be elected together to the Board of Selectmen the town can look forward to some wonderful Selectmen's Meetings.

BILLS
IN LEGISLATURE

Two bills in the Massachusetts Legislature which may affect the future of Wilmington are slated for an early hearing, according to Rep. Fred Cain. They presumably will be heard in the next two weeks although no date has yet been set. No official copies of the bills are yet available.

House bill 1865 is a bill to amend the Town Charter of Wilmington with respect to the powers of the Town Manager.

House Bill 2640 is for Civil Service for certain town employees. As submitted to the legislature, and before it had passed through the office of legal counsel it read:

'Be it enacted, etc.....

Section 1. Any general or special law notwithstanding, the provision of Chapter thirty-one of the General Laws shall apply to all offices and positions, including but not limited to the heads of major departments, subject to appointment by the Town Manager or Board of Selectmen in the Town of Wilmington as provided in Chapter 592 of the Acts of 1950, as amended except as such offices and positions are specifically excluded by the provisions of Section 3 of this Act.

Section 2. The tenure of office of the permanent incumbent (on December 2, 1964) (who has had at least three months service in said position) (or, if said office or position has been vacated thereafter by death or resignation or retirement) on the effective date of this Act, of any such office or position shall be unlimited subject, however to the provisions of civil service laws and rules; provided that the incumbent of any such officer or position in the classified official service on said effective date shall be subjected by the Division of Civil Service to a qualifying examination, and, if such incumbent passes said examination, he shall be certified for such office or position, and shall be deemed to be permanently appointed thereto with out being required to serve any probationary period.

Section 3. The following offices and positions in the Town of Wilmington subject to appointment by the Town Manager or Board of Selectmen are specifically excluded from the Provisions of Chapter thirty-one of the General Laws:

- (1) Members of all boards and commissions, including but not limited to the Board of Assessors;
- (2) The Town Manager;
- (3) The principal assessor;
- (4) Positions in the classified official and classified labor services in the office of the Town Engineer other than the Town Engineer;

- (5) Positions in the classified official service in the library department, including the Librarian;
- (6) The Town Counsel and associate or assistant Town Counsel

Section 4. This Act shall be submitted for acceptance to the voters of said town at the annual town meeting in the current year in the form of the following question, which shall be placed upon the official ballot to be used for the election of town officers at said meeting: 'Shall an act passed by the General Court in the year nineteen hundred and sixty-five, entitled 'An act placing certain offices and positions in the Town of Wilmington under the civil service laws and rules, be accepted?' If a majority of the votes in answer to said question is in the affirmative, then this act shall take effect, but not otherwise.'

SELECTMEN'S MEETING SWEETHEART PLASTICS WILL BUILD IN WILMINGTON

Dick Tufenkjian, Director of Personnel and Community Relations of Sweetheart Plastics, Inc. told the Board of Selectmen, Monday night, that his firm will shortly be building an 80,000 square foot building in Wilmington.

Tufenkjian's statements started with a wish to clarify and negate certain statements that had been made.

He told the board that the rumor that Sweetheart Plastics is unhappy, and thinking of leaving Wilmington, is untrue.

The company, he said, was particularly pleased with the relationship of the town, within the past year, and feels that the town is

making a substantial effort for industry to grow in the town.

A statement was made some months ago, at a Chamber of Commerce meeting by Tufenkjian, during the early stages of the Assessment situation. At that time he said that he did not have full knowledge of the board. He wanted it made clear to the Selectmen that the statement was wrong, and that he was delighted to withdraw it.

The new building will be erected he said, adjacent to the existing property of Sweetheart Plastics.

Town Park

TM Gerry Bouchard told the Selectmen that the ski tow at the Town Park had not been working

properly, but that work had been done to try to correct the situation. He made it clear that coasting will not be allowed on the slopes because of the danger to skiers. Tobogganning only will be allowed, along with skiing.

Garden Avenue

Mrs Devlin, of Garden Avenue, told the Selectmen that half of the residents of Garden Avenue would not go along with the idea of building on the Betterment Plan.

She was hoping the work could be done from King Street to Brattle Street. The board agreed to consider this.

Mrs Devlin said that the people in the area believe that a pedway is to be made out of Garden Ave. It was pointed out to the lady that this was an impossibility.

(Ed. Note: In last week's report about Garden Avenue, the wrong name was used, in the part of the story that related to parking on that street, and the police following a certain car home. The Town Crier regrets the error.)

FEDERATION DAY AT THE STATE HOUSE

All Republican Women and their guests are invited to attend Federation Day at the State House, Boston, Thursday, February 4th.

A guided State House Tour will commence in the Hall of Flags at 11 am and will last approximately one hour.

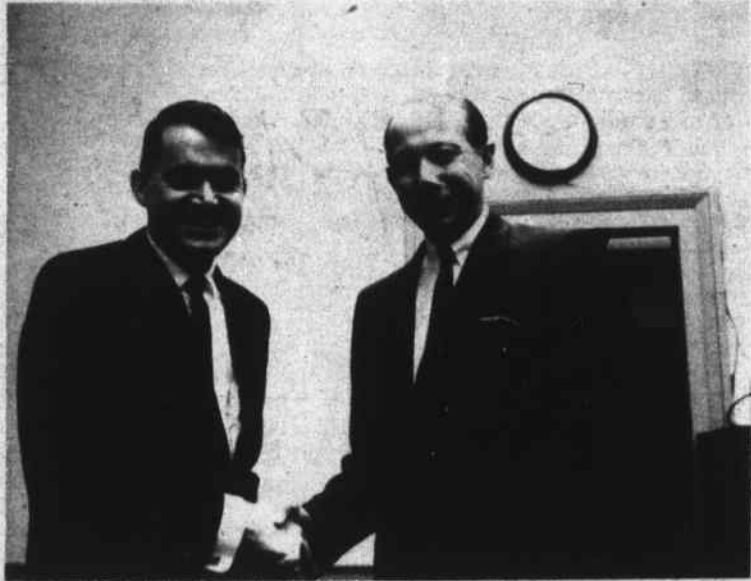

A tea and reception for Jennie Volpe, Ann Richardson and Remigia Brooke will be held from 2 to 4 in Doric Hall.

There is a nominal charge of \$1.00 requested to help defray the caterer's charges. Reservations must be in by January 28th. Call 8-4224 or 8-4850

DENTAL HYGIENIST FINANCIAL AND LEGAL PROBLEMS

The maintenance of a Dental Hygienist, for Wilmington School Children, is running into financial and legal problems.

Established back in 1947 by the Rotary Club of Wilmington, it has been maintained in recent years by the Wilmington Health Clinic, which finds that its money sources are drying up.

In recent months it was proposed that the Dental Clinic be taken over by the school department, as it is located in the High School, and only school children are treated.

The school department, it has been learned, cannot pay the salary of the Dental Hygienist, under the laws of the Commonwealth, and Town Counsel Philip Buzzell has written a letter to this effect.

Monday night, at the Board of Health meeting, there was a discussion about having the Hygienist paid by the Board of Health.

Chairman Gus Walker wanted to do what was right for the town, but could foresee problems in administration and in other ways.

He was told by Health Officer Ernice Romano that there was a town on the Cape, Bourne, he believed, that had had special legislation passed to enable it to meet a situation such as the one that confronted Wilmington.

But, it was pointed out, that would probably take several years to accomplish.

Mr. Walker said he was looking for something that was 'clear and simple' and would not provide problems for the future. He noted that about 1500 children could get treatment, for about \$3 apiece, which he believed to be a very good thing, if someone didn't want to call it 'creeping socialism'.

'Let's work on this some more, in a reasonable way' he said.

CAMPFIRE GIRLS ANNUAL MEETING

The Wowakiya District of Camp Fire Girls, comprising the towns of Wilmington, Tewksbury and Billerica, will hold their Annual Meeting, Wednesday, January 27, at Cabot Corporation on Concord Road in Billerica at 7:30 pm.

All leaders, assistant leaders, sponsors, district committee members and interested adults are urged to attend. Miss Goldeth Myers, a 35 year veteran in Camp Fire work, will speak following the business meeting and nominating committee reports.

YOUTH HOCKEY LEAGUE

Boys between the ages of 10 and 14, interested in taking part in the Wilmington Youth Hockey League will register at the Small Cafeteria, at the High School, Saturday at 1 pm.

From 2 to 4 pm on Saturday the 23rd Coaches will be on the Tennis Court Ice, to instruct those who register.

The first indoor session will be Sunday, from 8 to 9 am at the Merrimac Valley Forum on Route 129 in Billerica. Children will be charged \$1 to defray the expenses of the ice.

3% RAISE FOR EMPLOYEES

Town Manager Gerald Bouchard told employees of the Town of Wilmington, Tuesday morning, in a special meeting in the Highway Department Building, that he has recommended a 3% increase of salary for all employees except those in the Welfare, Fire or Police Departments. There were about 29 employees present at the meeting, which started at 8:30 am and lasted for only a few minutes.

Bouchard estimates that the cost of the raise, to the taxpayers, will be slightly under \$8,000.

Two employees visited Bouchard's home Friday evening, with a request for such consideration, and he discussed the problem over the weekend with Richard Barry and George Boylen, of the Wilmington Finance Committee, telling those gentlemen that he would recommend the increase.

RICHARD MCCAULEY IN
AIR FORCE

Richard P. McCauley, son of Mr. and Mrs. John J. McCauley, 61 Taplin Ave., enlisted in the United States Air Force on Jan 6th according to M Sgt Hanlon of the Lowell Recruiting Office.

Shortly after the enlistment ceremony, Airman McCauley left for Lackland AFB, Texas, where he will receive 6 weeks basic training. Upon completion of this initial training, he will either be assigned directly to an Air Force Base or to a technical school. The determination will be based on his aptitudes, desires, and the current needs of the Air Force.

McCauley is a 1963 graduate of Wilmington High School.

FLU HITS, 165 PUPILS AIL

Ralph Ambrose, Supervising Principal, and Miss Tirzah Krey, representing Elementary Level in students, were the main participants in a discussion on Homework Policy, at the School Board meeting last night.

Miss Krey told the School Board that homework was an independent work, showing the ability of the pupil to handle problems for himself. She was questioned by Dick Keane, who wanted to know how a teacher determined the time needed to do homework assignments. He was told that the averages for sixth graders are generally predetermined by the books they study which are divided into sections.

Ambrose added that teachers are further guided by the ability of the respective classes and emphasized that home environment definitely affects the time used for completing home work assignments. It is, he said, a necessary part of the learning process and went on to explain that self discipline develops in relation to thinking and working independently.

Ambrose said further that in the formal instruction of study and skills, work is integrated into assignments, for example, in connection with the use of a dictionary or other reference material, 5th and 6th graders are given basic procedure in outlining, and are

shown in class how to break down problems, as in mathematics.

Anthony De Luca, Intermediate Superintendent reported that in November of 1964 he had initiated policies for standardized headings in all written work, and that this eliminated confusion. In the opinion of Mr De Luca the policy had proven itself.

Speaking for the High School Roger Breakey divided his talk into three categories, One, the Policy of Teachers; Two, Types of Assignments, and Three, Interpretation of Assignments.

In his opinion the teachers consider a 'mean' of a class, and assign work according to class level. He considered quality to be of all importance in home work assignments, and stated that teachers try to inculcate good study habits and also the need for the use of the library.

Breakey reported on queries of 53 pupils, showing that approximately 75% needed 2 to 2 1/2 hours to complete all their homework assignments for a particular night. Generally, he said, the homework on one subject is given on a basis of one half to three-quarters of an hour, for completion.

Caught in a Bind

Pupils of today are 'Caught in a Bind' Anthony De Luca said. He said he felt that Triple A High School students have all they can do to make a medium average at some colleges. He was much concerned with 'teaching students to study' - so that when they were on their own, at college, they would know how to apply themselves.

Girls Clothing

The board read, without discussion, rules promulgated by the faculty of the High School, and approved by the High School Council, regarding clothing for girls. The rules read:

1. You would be expected to wear undergarments that would give a smooth finished look to over garments.

2. Overgarments suitable for school are: (a) Properly fitted clothing. (b) Correct length skirts should come to the middle of the knee and hang evenly. (c) Side seam must be a straight line from the shoulder to the hemline at right angles to the floor.

3. Hair should look well brushed and smooth.

Note: Everyone will look taller and thinner in clothes that are the correct size, (a mite big rather than a mite too small).

165 Students Out

School Superintendent Harold Shea reported that 165 pupils were absent from school, because of virus infection. This amounted to about 14% of the enrollment, he said. There were seven or eight teachers also absent.

Letter

A letter from the Wilmington Boosters, signed by Vice President M Flora Kasabuski, was tabled, after being read. Mrs Kasabuski, in her letter, asked why eleven football players had not been allowed to play on Thanksgiving Day, because they had not passed certain subjects in their curriculum.

It was agreed to delay an answer until a discussion had been held with the High School headmaster.

BOATHOUSE
NIXED AGAIN

The old boathouse, at the foot of Fitz Terrace, Silver Lake, was again nixed, Monday night, by the Board of Health, as a place for people to live.

It was acquired several years ago by an out of town man who sought to convert it into a home. He could not find enough ground on the lot for a sewerage system which conformed to Board of Health specifications, and tried to acquire land nearby but was not successful.

Monday night the board was told by Town Health Officer Ernest Romano that Harold Melzar was willing to allow some of his property to be used, for a nominal sum, with a 10 year lease.

Chairman Gus Walker rejected the idea, saying that after 10 years has passed everyone would have forgotten about the lease. A lease, he said, would have to be irrevocable.

GLENN F. ROWELL DIES

Glenn F. Rowell, 68, of 1 Deming Way, Wilmington passed away suddenly, January 18th, at the Massachusetts General Hospital. Mr. Rowell was the husband of the late Alice B. (High).

Born in Lynn, Mass., Mr. Rowell had lived in Wilmington for many years the past six, at Deming Way. Until his retirement, he operated a store on Route 62 in Wilmington. Mr. Rowell was a member of Bethlehem Lodge AF & AM of Lynn, Mass. He is survived by a niece, Mrs. Geraldine Phillips of No. Beverly, Mass. Funeral services were held at the Nichols Funeral Home, today, January 21, with the Rev. Terry C. Thomason of the Methodist Church officiating. Burial followed in Wildwood Cemetery.

FEDERATION MEETING OF
WOMEN'S CLUB

Wilmington Women's Club members are asked to attend the Mid-Winter Meeting of the State Federation on January 29 at John Hancock Hall, Boston. The morning session, starting at 10:15, will include a 'Report from Beacon Hill' on legislation and 'Facing the Facts', a panel moderated by Erwin D. Canham of the Monitor. Problems of interest to all Massachusetts taxpayers will be discussed.

Music by a well-known pianist and an address on the Arts are scheduled for the afternoon session. Luncheon will be served at 12:30 in the Dorothy Quincy Suite.

Mrs. Alexander Goldsworthy is in charge of making arrangements for the Wilmington Women's Club to attend this meeting.

ST. THOMAS OF VILLANOVA

January 18-25 has been officially set aside by our religious leaders as a Week of Prayer for Church Unity. In Wilmington this observance will take the form of home or neighborhood prayer groups. We hope in this way to achieve the purpose of this week; prayer for unity and getting to know one another.

A Mammoth Blitz Party will be held Monday, January 25th, at Villanova Hall to benefit the scholarship fund.
